INSTRUCTOR AND GROUND HELPER FRIDAY ROTA

WINTER/SPRING 2014

To all Members, Instructors and Helpers,

This is the first issue of the Winter/Spring rota. It is probable that WA1 will go down South for refurbishment at some time in this period, in which case we expect to be able to use HPV (which has hand controls). If there is a "gap" as HPV is still in the workshop I will advise.

If any of the dates below are unsuitable, please arrange a swop with another, and for the instructor's information, change the notice board copy of this rota.

Thank you all for your time and help.

Peter Clayton
